

**One Name, Many Solutions**

Inmar is North America's leading provider of technology-driven reverse logistics and promotion services for more than 1,200+ retailers, wholesalers and manufacturers and 32,000 retail pharmacies. Inmar processes billions of returned/recalled products, promotional transactions and pharmacy claims each year.

Our suite of services enables our clients to manage the physical, financial and information flows within the supply chain. From returns and receivables management to promotion creation, tracking and analysis, Inmar positions our clients to manage risk, recover revenue and move product through the supply chain more effectively during even the most challenging economic environments.
